Let's Get Out The Vote! Primary August 2nd

We're days away from the August 2nd Primary! Click to find out where to **join other conservatives on "[Triumph Thursdays](#)"** flag waving events on 7/28 and alert voters that an election is happening and **their vote matters!** I know it's hot, but we REALLY would love to meet you! See the latest Triumph Thursday locations by clicking the blue link above, and bring your flags and signs! We'll repeat this in October.

Two important Aug 2nd Election Day items for Republican Voters:

1) Update on Mail-in Ballots Drop Off on Election Day: *Voters who plan on delivering their mail-in ballot in person on Election Day, please be advised:*

Voters may bypass the line, check in with the Poll Book Clerk, and drop their ballot into the regular ballot box. However, each one of these 'late-earlies' ballots must go through several extra processing steps: scanning, signature verification, ballot separation, tabulation, and at times, adjudication. Doing so will only lead to delayed election results.

Instead, "late-earlies" voters should get in line and vote in person AND you should bring your early ballot with you. After successfully signing in, then ask to witness your early ballot being spoiled before you vote live. This is the safest way to ensure election integrity. With voting live, there is ID verification, and ballots are tabulated that night. **These results are available on Election Night.**

The longer it takes to get results = Room for error & potential fraud.

Next, we encourage voters who plan on turning in their mail-in ballots on or near election day to VOTE IN PERSON INSTEAD. This will streamline the process for your vote tabulation and leads to quicker results.

YavGOP Guidance: If you intend to regularly vote in person either early or on Election Day, then PLEASE consider getting off the Active Early Voter List mailed ballot process.

[Click here for the AEVL removal form that](#) can be turned in to the County Elections Office to stop early ballots from being mailed to you in the future. IF in the future you are not able to vote live on election day, you can either vote in person at the County Records Offices in Prescott or Cottonwood in the weeks leading up to Election Day OR you may ask County Elections for an early ballot to be mailed to you for a one-time exception by calling (928) 771-3248.

2) Stop by the YavGOP Welcome Booth outside the 75' Polling Place limit: Republican precincts are setting up Welcome Booths at county polling locations on Election Day 8/2. Stop by for info, grab a blue ball point pen to vote, file an affidavit with voting concerns, complete a voting experience survey, and join our community list.

Please spread the word - Share with other Yavapai County Republicans!

Get Educated: Visit the YavGOP website at yavgop.org to review each GOP primary candidate's information and their website links under the "Get Involved" tab on the home page. Click here for primary candidate list: [The GOP Candidates](#). Following the primary election results, the website will be updated to also include important local races in the November election - including Public School Boards.

Election Day Presence – August 2nd and November 8th We're looking for folks to man the closest [Welcome Booths at EACH Voting Center](#) outside of the 75' limit. This is our last push to educate voters, as well as to gather their [voting experience feedback](#) as they leave. Contact the YavGOP office at 928-776-4500, 11am-3pm M-F.

Help Secure the Election: It's not too late to become a seasonal election or recorder worker! Go to www.yavapaiaz.gov to become an elections employee of the county. Poll workers perform many important tasks to secure elections – such as vulnerable voter voting assistance, registering new voters, adjudicating ballots, and signature verification, amongst others. You could be "on-call" for the primary, or full employee for the General.

September 17th 3pm - 5pm = Constitution Day & Republican Victory Rally at the Yavapai County Courthouse Plaza. Music, Fun and the Republican Statewide, US Congressional, AZ Legislative & local GOP candidates. FREE! **Save the Date**

Elephants Can't Sit on Fences

by Jana Kading

Make no mistake: we are in the political battle of a lifetime, and conservatives MUST take back control of our national, state, and local governing bodies.

Every voter has the right to support and choose a candidate in a primary, making their voice heard about the representatives who will best serve their interests and beliefs. Every voter should have information that is in the public record presented to them about the choices they have so they can make educated decisions.

Veer Right, or say goodbye to freedom of speech, the right to bear arms, property rights, privacy, control over the education of our children and grandchildren, the right to choose where you go and what you eat and what your medical treatments are.

Say hello to 24/7 tracking, social credit scores which allow activities and travel, and the forced medical procedures we see in China.

Doing what you've always done, and expecting different results is the "the definition of insanity," as they say. Not voting because you consider yourself more "middle of the road" and then expecting conservative legislation falls right into that category.

Not fighting back and being too nice have gotten this country and state to the abominable political and living situation we now face. The divisiveness we now see in our country, and reduced international respect for the United States, is the result of not fighting back with the full strength and conviction of the entire population of Conservatives. It is a fight that needs to be fought.

It is time to "Walk the Talk" and Walk Like an Elephant!

They Intended This Crisis

- Submitted by John Courtis

If you leave the gate open, the cow will wander off. So if you intentionally leave the gate open, you want the cow to wander off. You can't blame stupidity or laziness. It was intentional.

If you cut police budgets, you will get more crime on the streets. So if you intentionally cut police budgets, you wanted more crime on the streets.

If you cut back the supply of oil, gas prices will go up. So if you intentionally cut back the supply of oil, you wanted gas prices to go up.

If you print trillions of dollars without increasing the supply of goods, inflation will hit hard. So if you intentionally print trillions of dollars without more goods you wanted inflation to hit hard.

If you leave the southern border wide open, you get more drug trafficking and human trafficking. So if you intentionally leave the border wide open, you wanted more drug trafficking and human trafficking.

If you shut down 40% of the supply of baby formula in February, you'll get a huge shortage. When you KNOW a huge baby formula shortage is coming because of the FDA's actions, and you purposefully do nothing to prevent it, month after month, until the crisis finally hits hard, you INTENDED this crisis.

It is time to recognize the evil people behind that old man. They want crisis. They want chaos. They want riots. They want conflicts in your town. Their stated purpose years ago with Obama was to "take the US down a few notches on the world stage." You can feel the quality of your life going down with the country. These are not foolish or misguided people. They are headed somewhere you don't want to go...

A planned crisis distracts people's attention from what they don't want you to notice!!

CALLING ALL KEYBOARD WARRIORS!

We can help balance the narrative in the newspaper by writing to the Courier. It is easy, and there are two ways to do it.

A letter to the editor, sent to [**editors@prescottaz.com**](mailto:editors@prescottaz.com) containing 250 words or less will usually run, if there is no name calling or incendiary language. You must include your name, address, and telephone number so they can verify you are who you say you are.

A 'RANT' or a 'RAVE' runs in Sunday's Courier and is limited to forty words, and they do not publish your name. I do add my name, address, and phone number to the editors to give me more credibility, and it works!

Also send those to [**editors@prescottaz.com**](mailto:editors@prescottaz.com)

This is an effective tool to reach the Independents and get our message out. I look forward to seeing your names in print.
